Refrigeration / Air Conditioning

Installation Engineer

£30,000 - £40,000 Basic + Overtime Earnings

RS Refrigeration Services Ltd are an ISO accredited company based in Hook, Hampshire that has been established for over 40 years. Specializing in the design and installation of energy efficient commercial refrigeration and air conditioning solutions. We have built our reputation on maintaining the highest standards of customer service.

We are seeking an ambitious and motivated Engineer with a minimum of 5 years' experience working on installation of commercial refrigeration and air conditioning systems. You will need good basic skills to complete work to a high standard and build a good rapport with the team.

Our ideal candidate would meet the following requirements:

- Minimum 5 years' experience
- F-Gas Cat 1
- CSCS / CITB Skills card
- IPAF & PASMA
- Pipework & Brazing certificate
- Full UK driving license
- Good communication skills and strong work ethic
- Enjoy working as part of a team as well as alone

This is a 45-hour per week contract, consisting of 9 hour days, normally 8.00 - 17.00 paid door to door. Overtime paid @ rate of 1.5 Monday-Saturday and Double time after 22.00 and on Sunday/Bank Hols. You will be provided you with a company van, work phone, tablet, specialist tools, PPE and full uniform to ensure you have everything you need to complete your role to the best possible standard.

- Paid Door to door
- Overtime available
- Sick pay
- 25 days Holiday + Bank Holidays
- Good career development & training provided
- Van, fuel card, phone, tablet & specialist tooling

If you have the knowledge and experience required, please apply by emailing sales@rs-refrigeration.co.uk with the subject line 'Recruitment' ensuring you attach your most recent CV along with a scan of your certification and a covering letter which gives details of your relevant working experience.
